Serving Your Health With Excellence

Pad Adjusting Pliers
AI-01-101

Delrin Jaw enables pads to be adjusted without damage. Length: approx. 150 mm Delrin Jaw: 6.6 x 20 mm Weight: approx. 96 g

Inclination Pliers with Conical Jaw
AI-01-102

To adjust metal temples and hinges on delicate frames. With highly polished Conical Jaw and flat Delrin Pads. Length: approx. 150 mm Jaw Size: 6.6 x 20 mm Weight: approx. 107 g

Bending Pliers
AI-01-103

Based on the Trident Pliers concept. These pliers are suitable to perform very gentle fittings. The plastic jaw prevents scratches. The conical pin can be cushioned with shrinking tube. Length: approx. 150 mm Jaw Width: 9 mm Weight: approx. 132.5 g

Nylon Eyewire Shaper 12mm
AI-01-104

These Pliers are suitable to perform curving and shaping of metal frames. With Plastic Jaws 12mm & 18mm width. The plastic jaws prevent scratches. Length: approx. 150 mm Jaw Width: 12mm & 18mm Weight: approx. 121.5 g

Nylon Eyewire Shaper 18mm
AI-01-105

These Pliers are suitable to perform curving and shaping of metal frames. With Plastic Jaws 19mm width. The plastic jaws prevent scratches. Length: approx. 145 mm Jaw Width: 19mm Weight: approx. 117.5 g

Nylon Eyewire Shaper 24mm
AI-01-106

These Pliers are suitable to perform curving and shaping of metal frames. With Plastic Jaws 24mm width. The plastic jaws prevent scratches. Length: approx. 150 mm Jaw Width: 24mm Weight: approx. 131 g

Pressing Pliers
AI-01-107
Pressing Pliers

Hinge Setting or Angling Pliers
AI-01-108
For hinges setting. Firm holding of joints during adjustments. With two concave indentations.
Length: approx. 140 mm Weight: approx. 107.5 g

Pressing Pliers
AI-01-109
For hinges setting, also for testing lens size during finishing process. Length: approx. 140 mm Weight: approx. 107 g Jaw Tips: 3T-AB35A

Round Snipe Nose Pliers
AI-01-126
General use to adjust bridges, nose pads and joints. Intended to bend very small curves. Length: approx. 150 mm Jaws Tip: Diameter 1.2 mm Weight: approx. 117 g

Flat Nose Pliers 4.5mm
AI-01-127
Flat milled jaws with 4.5mm width for better hold. Used for general purposes, particularly useful for adjust of pad arms & holding temples on thin metal frames. Length: approx. 150 mm Jaws Width: 4.5 mm x 1.2mmH Weight: approx. 115.5 g

Flat Semicircular Snipe Nose Pliers
AI-01-128
Semi-circular with flat milled jaws for better hold, small tips make it easy to reach into tighter areas for adjust angle and shape of pad arms. Also for shaping and bracing. Tapers to a fine point. Length: approx. 150 mm Jaws Tip: Diameter 1.5 mm Weight: approx. 102.5 g

Curve Semicircular Snipe Nose Pliers
AI-01-129
Angled semi-circular snipe nose jaws make it easy to reach into tighter areas and adjust angle and shape of pad arms. Flat milled jaws for better hold. Length: approx. 150 mm Jaws Tip: Overall 2.0 mm Weight: approx. 111.5 g

Temple Adjusting Pliers with Delrin Jaws
AI-01-130
With two special delrin jaws, both jaws have two sizes of grooves across, for better gripping on holding or bracing. Will not damage frames Length: approx. 150 mm Plastic Jaws: 7.5 x 20 mm Weight: approx. 114 g
